### **Say it With a Lolly**

LAKE MARY, Florida. Sugar Sugar, Inc. is proud to announce the introduction of custom personalized hard candy, lollies.

Sugar Sugar's trained lollyologist (candy makers) can form names, words, and logos within this specialty handmade candy. Each batch produces detailed bite-sized pieces.

For wedding candy it is common to see the brides name at the top of the candy a heart in the middle and the grooms name toward the bottom of the candy.

"These lollies make a unique wedding favor or corporate promotion," explains Larry Speck, Vice President of Sugar Sugar, "Every batch is done by hand, even the cutting and packaging of the candy. This ensures the uniqueness of the candy and the highest quality possible."

The minimum size for a batch of candy is 10 Kilograms (22 pounds). Packaging options range from small bags, which hold 3-5 pieces, to different jar sizes. There are over 25 flavors and 8 different colors to choose from.

Sugar Sugar, Inc., is a new retail store located in Lake Mary Florida. The candy is produced in the kitchen in front of the store for all to see and interact with. President of Sugar Sugar, Inc. is Keren Speck and Vice President is Larry J. Speck Jr.
